Major missile construction facility to locate in Pike County

WASHINGTON—A \$10-\$12 million conventional missile assembly and storage plant is planned for Pike County by 1992, Congressman Bill Dickinson announced recently.

Dickinson was informed of the proposed plant by officials with Martin Marietta Missile Systems of Orlando, Fla., who visited his Washington office. "According to Martin Marietta officials," said Dickinson, "they have obtained an option on 2,500 to 3,850 acres of land nine miles north of Troy, six miles from the Troy airport on which they plan to construct facilities for storage and assembly of conventional missile systems."

"Some of the missile systems to be constructed and stored at the new Troy site include: The Multiple Launch Rocket System/Terminal Guidance Warhead (MLRS/TGW), the ADATS Mobile Air Defense System, and the Advanced Anti-tank Weapons System (AAWS-M),"

said Dickinson.

"The decision of this major defense industry to come to Pike County certainly bodes well for the local and state economies," said Dickinson. "Despite defense cuts on the national level, Alabama's Second District continues to enjoy strong growth in military construction and is drawing interest from defense contractors. Martin-Marietta is the second defense-related industry this year to announce plans for location in Southeast Alabama. I will continue to do all that I can to ensure new defense jobs and an ever stable economy for Southeast Alabama."

Martin-Marietta plans to construct an assembly building, an administrative building, a shipping building and several ordnance storage facilities on the Pike County site. Officials expect the site to be operational by 1992 with 90 employees on the payroll during the first year, and 200 employees at maximum capacity. "I'm told the Pike County site

was chosen due to the availability of a potential workforce, excellent transportation and communications facilities, education readily accessible to the company's clients in Huntsville and Anniston."

Rep. Bill Dickinson was honored by the U.S. Chamber of Commerce recently when he was presented the Spirit of Enterprise award for compiling a pro-business voting record of 70 percent or higher based upon key votes cast on business issues in the first session of the 101st Congress. Shown presenting the award to Congressman Dickinson are, from left, James K. Baker, chairman of the U.S. Chamber of Commerce; and Richard L. Leshner, Chamber president.

ACCORDING TO WEBB, EAST COFFEE COUNTY IS IN "INGESTED PATHWAY"

C.C.C. proclaims Nov. 16 - 22 as "Farm-City Week"

By Marvin McIlwain
Elba Clipper Editor

On a rainy Monday morning, the Coffee County Commission whizzed through their meeting as though they were in a hurry to get back out in the rain. Maybe they were since it has been several months since any significant rainfall has fallen on Coffee County.

The commissioners signed a proclamation proclaiming November 16 thru November 22 as "Farm-City Week."

Appearing before the commission were Paul Dykes, chairman of the event and Michelle Mann, publicity chairperson. They outlined some of the events that will be taking place during the week.

They told the commissioners that the theme of this year's Farm-City Week is education. Local activities will kick-off Thursday and Friday, Nov. 1 and 2, with Children's Farm Exhibit at the New Brockton Farm Center.

Dykes stated that the highlight of Coffee County's celebration is the Annual Banquet to be held Monday, November 19, at the New Brockton Farm Center. Other activities planned include a tour of the Army Aviation Museum at Ft. Rucker on Nov. 20, and the annual "special people's" tour of the Martin and Jeanette Moates farm.

This year, according to Dykes, marks the 35th annual observance of Farm-City Week. Last year Coffee County joined more than 18,000 communities in the U. S. and Canada in the week-long event designed to promote understanding between farm and city residents.

Last year, the Coffee County event won a state award for having the "best tours" during the celebration of farm-city week. The organizers of this year's event hopes to do even better this year!

Both Mann and Dykes expressed their appreciation to the commissioners for their passed and present support of this very worthwhile event.

The commission voted to reject the two bids received on a mulching machine and to rent a machine as needed.

Bids of \$9,695 and \$9,490 were received respectively from Land Supply, Inc. of Cincinnati, OH and Finn Corp. of Fairfield, OH.

County Engineer Mark Pool stated that a mulching machine can be rented from the Covington County Soil Conservation Service at a cost of \$60 per acre.

Mrs. Pearlene Farris came before the commission seeking an answer concerning a claim that she had filed against the county.

She claimed that county highway department workers destroyed personal property belonging to her while doing some work near her home in New Brockton.

According to Pool, the work being performed was on county property and the personal property allegedly belonging to Mrs. Farris was also on county property. The site of the incident was near the Coffee County

Farm Center in New Brockton. Commission Chairman Billy Eageron told Mrs. Farris that the matter had been turned over to the county's insurance provider in Montgomery, Alabama for further investigation.

Charlie Webb, the county's EMA director, informed the commission that the EMA had been conducting an exercise on Wednesday, October 24, which would effect the eastern portion of Coffee County.

This portion of the county, according to Webb, is in what is called an "ingested pathway." If a certain type of nuclear accident occurs, this area would be affected by low level radiation if a westerly wind prevails at the time of the occurrence.

Primarily, agricultural products would be the most affected by the radiation.

The type accident being tested has a very low probability of occurring according to Webb, but he did not elaborate on the type accident to which he was referring.

Being tested is the ability of the state and local emergency teams to respond to the type of accident being simulated at the Farley facility. This test is required once every six years by the federal government's nuclear regulatory agency.

Webb said that there is a very effective plan in place with both the state and federal agencies to deal with this type situation.

Other matters coming before the commission were:

***Request for bids to be sent out for steel piling to be used by the highway department.

***Request for bids to be sent out on repair to flood damage to several bridges within the county. According to Pool, FEMA will not pay the county to do the repair work, but will pay a contractor's bid price to perform the work.

***Commissioners reminded of DHR's luncheon on Thursday, Oct. 25 and also, the ground breaking ceremony for the new DHR building at 2 p.m. near the new county health facility in Enterprise.

MISS ELBA FIRST RUNNER-UP IN MISS NPF PAGEANT. In the National Peanut Festival Pageant last weekend, Elba's Anita Lynn Wallace, daughter of Mr. and Mrs. Paul Wallace, was named first runner-up to the winner, Doherty's Michelle Shelley. Anita received a trophy from Fantasy Forms and a bouquet from Woodland Flowers Shop. She also placed first in the evening gown competition and received a silver tray from Saben Appliances. Others in the top five were second runner-up and verbal communication winner, Miss Sneads, Lorrie Ann Sherman; third runner up, Miss Bonifay, Starla Grace Feagles; and fourth runner-up and written communication winner, Miss Marianna, Anna Cresencia Green. Other winners included Miss Troy, Angela Gibson, Spirit of the Wiregrass Award; Miss Columbia, Keely Lanford, Miss Congeniality; and Miss Abbeville, Katie Epsy, Portofino. Miss Graceville, Joanna Lee Price, won a \$2,000 scholarship to Jacksonville University in Jacksonville, FL. (Photo by Dollie Jacobs Moore)

ELBA MAYOR FRED MOORE is shown accepting a check for \$51,147.67 to be used for the Elba Senior Citizens Center. The money is the balance of grant of \$106,018.78 through the Southeast Alabama Council on Aging. The federal money was channeled through the State of Alabama and administered by Governor Guy Hunt. A representative of Hunt and members of the SE Ala Council on Aging were present for the check presentation.

Elba City Council discusses holidays

By Ferrin Cox
Publisher

Police Chief Freddie Hanchey told the city council Monday evening that the police had investigated 136 complaints during the last two weeks. This included five traffic accidents.

There were 26 citations issued including two for DUI. The report also shows 10 criminal arrests were made.

The animal control officer picked up 20 stray dogs.

The council approved the Friday after Thanksgiving as a paid holiday for city employees.

Mayor Fred Moore recommended the action saying, "During the last year the employees have been an asset to the City of Elba. During and after the flood they worked day and night for Elba. I feel we should give them this day off to show our appreciation."

Council member Gladys Yelverton said they had traditionally given the day off and she didn't think this year should be any different even though the council had added a holiday for Martin Luther King's birthday.

Council member Bill Brunson said he felt the city gave adequate holidays but under the circumstances feel this day off is appropriate.

The only other business was to hear a request from Bob Folsom to be included in the program for help in repairing flood damaged homes.

Moore told him Wilson Dyess would come to his home Tuesday morning and discuss the matter.

Last Friday afternoon, State Senator E. C. "Crum" Foshee was in Elba campaigning for re-election to the Alabama State Senate.

The Senator was scheduled to take part in Elba's Homecoming festivities by riding in the parade. While he was awaiting the start of the parade, he dropped by the Elba Clipper office where he and this reporter chatted informally for a few minutes.

He expressed his concern about the recovery of Elba and the rest of Coffee County from the damage suffered from the March flood. He stated that he was dedicated to the complete recovery and not just a "patch job."

Asked about the repair and paving of Elba streets, the Senator responded that he, along with Elba city officials and state highway department people, felt that a sufficient amount of time should be given for

the streets to settle before doing any work on them.

"If the work is done prematurely and then settling occurs," he said, "it would be hard to get any more work done on the roads."

"REST ASSURED, I HAVE NOT FORGOTTEN ABOUT THE STREET SITUATION," SAID FOSHEE

"Rest assured, I have not forgotten about the street situation," Foshee said.

When asked about the possible by-passing of Elba by U. S. Hwy. 84, the Senator said rather emphatically, "I'm against any plan to re-route Highway 84 around Elba or any other town."

The Senator agreed that the primary purpose of U. S. Highway 84

in the beginning was to connect cities, towns and communities - not by-pass them!

There is a five year plan now on file in the state highway department which calls for the four laneing of U. S. Hwy. 84 between Elba and Enterprise.

This reporter had to break-off the conversation to go cover the Zion Chapel Homecoming Parade.

The Senator, after hearing about Z.C.'s celebration, decided he would go enjoy the festivities in Jack while waiting for the Elba parade to begin.

He probably done a little polik'in while he was there - don't you agree???

BRAINSTORMS

With Ferrin Cox

Election time is getting nearer and nearer... in fact the magic date is November 6 and that is right away! There is only one amendment on the ballot and we are voting a big NO on it. The amendment is designed to correct at least one mistake in a tax voted in by the people in one of the counties north of us some goodie, however it doesn't spell out that county, but ratifies ANY tax in place anywhere in the state regardless of why it might have been illegally started. We don't like the scattergun approach and intend to tell the legislature so on election day.

Be careful as you are driving around next week in the evening and early night. Children will be darting in and out of the streets as they enjoy Halloween. They might forget to watch for cars and each of them is too precious for us to get one of them hurt or worse... killed. Also if your children are out hunting for some goodies, caution them to watch for cars and for goodness sakes read the warning being issued about eating food that might be poisoned. We can't believe Elba people would do such a thing, but a stranger might come into town just to be mean.

Maybe by the time you are reading this the federal government will be back on schedule... spending, spending and spending. We have already read enough to know that the spenders are in control of the policy making process and we will not get a balanced budget, only increased taxes to pay for some more spending. This spending helps re-elect political officeholders and is encouraged by those who use the new programs to build themselves a little empire. We don't like it but then we ain't in control.

The winners of the Florida lottery are getting closer and closer. With the winning ticket being sold in Campbellton this last week, it is probably our time next. If not us, maybe some of our friends. Having seen the folks who buy tickets over there on Highway 231, South of Dothan, we suspect the winner could be someone from Alabama or Georgia. It is not unusual to see some regulars who drive from as far as Columbus, Ga. to buy their tickets and tickets for half the town. Of course they would have probably won earlier if it hadn't been for this country boy being in the store making a delivery of newspapers.

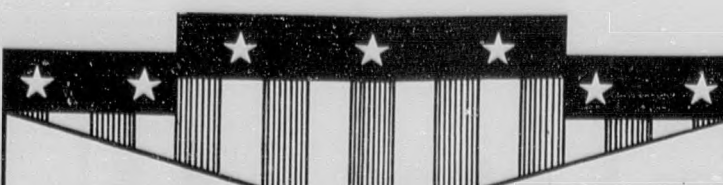

Anita Wallace did good in the National Peanut Festival Pageant last weekend. She finished the event first runner up overall and won first place in the evening gown portion of the event. This young lady continues to "make a good showing". We know mother and daddy are proud and we join them and know their pride is well placed.

We talked Tuesday with County Engineer Mark Pool about some complaints we have been getting on the conditions of some rural unpaved roads. Pool took about 30 minutes explaining the problems of the department including the fact they are still making flood damage repairs which must be made in a time limit or the federal funds will be lost. He did however promise to get graders back to work as soon as several operators get off the mowing machines.

Pool also got to talking about how the increased cost of oil was impacting the county highway department. The most obvious change is the additional \$8.00 per month in fuel cost to operate the many vehicles. Then oil price increases also cause the cost of asphalt to increase and he wouldn't even guess how this would disrupt the operation. Pool's concern was that the continued increase in gas prices would cause people to drive less and this would lower the amount of gas tax coming into the county coffers, further crippling the operation.

Human Resources Groundbreaking Scheduled For October 28

Groundbreaking ceremonies for the new Coffee County Department of Human Resources Building will be held on Thursday, October 28, 1990 at 2:00 p.m. (today). The location of the ceremony will be at the new Coffee County Department of Human Resources Building, located at the intersection of Highway 167 North and County Road 48.

Millie's Views

By Millie Lott

There is nothing on this Earth like a mother with a mission. They cannot be sidetracked, talked out of it or fooled. Once there mind is made up, there is no turning back.

Mamma Ward had a "mission". Her mission was to get me over the flu with my help or without it, mostly without it. She fought the battle courageously with the help of rest of the family and Mike. Needless to say plenty of bed and couch rest were prescribed. I was only allowed certain foods and drinks. Which needless to say was a "BIG" adjustment to my stomach. I love to eat, and not being able to enjoy the pizza with the family was not the highlight of my illness. So after 4 days of eating saline crackers, watered down Gatorade over ice (she would not let me drink it straight) and chicken noodle soup, I was ready for some "real" food. To put it mildly one more can of chicken noodle soup and I'd be plucking feathers and clucking! Let me tell you this woman is strict, and her strictness paid off. They won the battle, I'm all better now and back at work aggravating my boss. Mom's with missions are one of the things that makes life so great. Now if I could just talk them out of the diet!!!

Fifth Annual Veteran's Day Parade Is Set For November 10th in Ozark

By Marvin McIlwain
Elba Clipper Editor

The 5th Annual Second Congressional District Veterans Parade will be held in Ozark this year. This event will take place on Saturday, November 10, 1990 beginning at 10 a.m. The route of the parade will begin at Carroll High School, proceed past the courthouse, along Andrews Avenue to Highway 27.

This annual event is held to honor veterans both past and present, who have contributed their service to the United States Military in peacetime as well as war. It is a fitting tribute to those who sacrificed family members and friends to go where their country sent them.

The Grand Marshal for this year's parade will be Lieutenant General Ellis D. Parker, Director of the Army Staff, the Pentagon, Washington D.C. General Parker is the past Commander of Ft. Rucker, Congressman Bill Dickinson will also participate in the parade.

Military units from Central and Southeast Alabama and Northwest Florida are expected to take part in the parade. Also, Alabama National Guard and U. S. Army Reserve Units will be represented in the parade.

Bands from local high schools and Troy State University will have marching units participating.

Veteran organizations from the wegrass area will also take part in the parade.

A highlight of the parade will be a F-16 flyover from the Alabama Air National Guard from Montgomery.

Alabama. This parade is shaping up to be one of the best ever. This event is open to the public and is free of charge. Shuttle buses from Martin-

dale Plaza will allow for easy parking. So load-up the old lawn chair and join Ozark in celebrating Veterans Day 1990 on November 10, 1990.

Elba To Receive More Funds

U. S. Senator Richard Shelby was joined on October 16 by Senator Howell Helfin in announcing that three Alabama cities will receive funding from the Department of Housing and Urban Development. These grants are for Section 8 housing assistance to provide housing for income eligible families.

The housing assistance of the following cities are slated to receive funding: Elba - \$328,188, Mobile - \$1,863,000, and Foley - \$477,144.

"I am pleased to announce this federal funding to these Alabama cities. I know this assistance will benefit many individuals by providing much needed housing for families," Senator Shelby said.

Senator Foshee Is Inducted Into Hall of Fame by Seniors

The National Senior Citizens Hall of Fame, located in Everett, Washington, announced the induction of State Senator E. C. "Crum" Foshee. Foshee is among an elite few to become a member of the National Senior Citizens Hall of Fame since its inception in 1975.

Founder and Executive Director of the organization, Mr. Joe Kappler, emphasized that Senator Foshee was chosen to be in the Hall of Fame because of his vigorous work and support of senior citizens over the years.

Mr. Kappler also stated that Senator Foshee is one of only four hundred across the United States to ever be inducted.

Mack - Holloway Wedding Held At Pinedale Church Of Christ

Dana Ellen Holloway and Keith Marion Mack were united in marriage at Pinedale Church Of Christ, Enterprise, Ala. on Saturday, October 20, 1990.

The bride is the daughter of Mr. and Mrs. Billy Neal Holloway of Enterprise. The groom is the son of Mr. and Mrs. J.C. Mack of Goodman, Ala. Entering the church, hurricane lamps lined the walkway with white satin bows and ribbon. Guests were greeted by Mrs. Cherry Baxley, Enterprise, Mr. Ray French, Daleville, Mr. Larry Harrison, minister, Enterprise and Mrs. Margaret Mayo, Enterprise.

The guest were registered at the wedding by Mrs. Jennifer Fossey, Ft. Hood, Texas, sitting behind a round table, draped with a white army/navy tablecloth with a white bud vase of peach roses, four lily buds and white wild flowers.

Program attendants were Amber Adams and Vince Redden of Enterprise.

White satin wreaths with white bows, light peach day lilies, white roses, blue and white wild flowers graced the doors going into the sanctuary. White silk bows with green Irish ivy were used to adorn the pews.

A program of prelude music was presented by Miss Tammy Caudle, Florence, Ala., Miss Gwynn Couch, Enterprise - vocalist sang "I Surrender All" by J. W. Van Devante; "Anywhere is Home" by J. W. Henderson; "Be With Me Lord" by L. O. Chisholm; and "Sing And Be Happy" by Emory S. Peck.

The mothers and grandmothers were seated as Tammy Caudle sang "Thanks Again" by Ricky Scaggs.

The chancel area was interspersed with a gold fan candelabra adorned with peach day lilies, white roses, white and peach wild flowers with green Irish ivy arrangements cascading down to the floor. Gold tree candelabra's green Irish ivy, large Boston ferns in white urns sitting on white columns, peach lilies and Boston ferns were used on each side of the Baptistry in plant boxes. The doors on each side of the Baptistry were draped across and down to the floor with soft white tulle net with net bows gracing each side.

The ledge on sides and back of the sanctuary was trimmed with white wild flowers and green Irish ivy. Beams on each side of the sanctuary held white satin wreaths with light peach day lilies, white wild flowers and green Irish ivy. White tulle net draped through wreaths and puffs down to the floor. The doors leading out of the sanctuary held a white satin double ring wreath with white roses and white wild flowers, green Irish ivy hung over center of door. White tulle net draped through the wreath to the cor-

ner of the double doors and puffed down to floor with bows on each side.

During the lighting of the candles, Joe Brooks sang "You Light Up My Life" by Alan Watkins.

A duet "Endless Love" written by Mrs. Gwynn Couch and Mr. Alan Watkins. The processional Bridal March, "The Wedding March in Key B Flat" by Felix Mendelssohn was played. During the lighting of the unity candle "Vows Go Unbroken" by Kenney Rogers was sung by Alan Watkins and the recessional was "The Wedding March in Key C" by Felix Mendelssohn.

The bride given in marriage by her father, Billy Holloway, wore a gown fashioned by Mori Lee, of white satin with a white alencon lace bodice featuring a Queen Anne collar, ruffled organza and shoulders, puffed, ruffled organza and shoulders, draped from the front to an elegant full chapel train trimmed with alencon lace and curls. The lace was covered with sequins and pearls.

For her veil she chose a v-shape

band of pearls sided with ornamental floral and pearl spray, filament edged puffed and veil.

Her bouquet was a cascade of pale peach day lilies, white roses, white pearls, pale peach satin ribbon tied in wedding knots which was designed and made by her mother.

Mrs. Connie Mack, Elba, AL, Sister-in-law of the groom served as matron of honor.

Serving as bridesmaids were Miss Nina Cawley, Asbury, AL; Mrs. Donna Holloway, New Brockton, AL; Mrs. Tammy Holloway, Columbus, MS; Mrs. Karen Jones, Marietta, GA.

The attendants wore tea length dresses of peach satin with fitted princess bodice and funnel neckline, full skirt, with a v-train and a large bow at back of waist and puffed sleeves. The bridesmaids wore white, white tulle net draped through wreaths and puffs down to the floor. The doors leading out of the sanctuary held a white satin double ring wreath with white roses and white wild flowers, green Irish ivy hung over center of door. Teacher attend PINOCCHIO Performance

By Denise Flowers
Mrs. Gale Jackson's and Mrs. LouAnn Bryan's classes recently attended a performance of PINOCCHIO at the Dothan Civic Center. The classes read the story of PINOCCHIO, watched the movie and made a puppet. Colliardi Carlo, an Italian author, wrote the famous children's story THE ADVENTURES OF PINOCCHIO. Pinocchio is a wooden puppet carved by Geppetto. The puppet comes to life and as many unhappy adventures because of his laziness and selfishness. When Pinocchio would tell a story his nose would grow and would continue to grow until he told the truth. At the end of the story, Pinocchio has learned to be generous and honest and to work hard. As a reward, a fairy grants his wish and turns him into a real boy.

After the play, the group went to the Dothan Mall for lunch. Each student was given \$5 for lunch. With the money left over, they went shopping.

Rebel Band Scores Superior Again

By Aimee Routzong
The Zion Chapel Rebel Marching Band scored straight superior ratings at the National Peanut Festival Band Competition in Dothan on October 13. This was the first "contest" the band competed in during their 1990-91 marching season. The band has been practicing extra hard for this competition. On Saturday, October 13 the band met at school and prepared for the competition. The band departed for Dothan at 11:15 a.m. The Rebel Marching Band took the field for competition at 2:15 p.m.

The band, color guard, drum major and percussion were judged on the precision of marching techniques, and the general effect of a show is the appeal to the audience and judges. The band was also judged on how well the music was played. The drum major was judged on her conduct and leadership abilities, and the colorguard on its props and appearances. The drum feature was the main judging point for the percussion.

Sixth Grade Makes Totem Poles and Fossils

By Camille Haynes
Mrs. Joann Jones' and Mrs. Chris Sutley's sixth grade classes recently made totem poles and fossils. This is a time that is sacred to a person or family. A totem pole is a sort of family tree. It showed the animals that have special meaning for the family members. Fossils are the record or remains of a plant or animal that lived in the past. The students will develop a sense of how people lived before they were born.

Third Graders Study Pilgrim Life

By Stacey Black
Mrs. Beverly McCall's third grade students recently studied about pilgrim life. The students read the story "Life in Pilgrim Times". The story told how the pilgrims built their houses made of wood, mud, and grass. The students felt that the Pilgrims' two most important beliefs were God and Education. The reason we have free education today in America is because of the pilgrims way of education, because it was their idea. At school, pilgrim students used books called "horn-books". The books were used to teach the children how to read. After reading the story, the third grade students made their own horn books out of cardboard.

B. Mandy shows a lot of spirit and is a big part of Elba Tiger spirit. Good Luck, Mandy. Gina Bedole - Gina is a 14 year old ninth grader. Her hobbies include performing during halftime on Friday nights and rooting for the Elba Tigers. This is Gina's second year in the band and her first year on the dance line.

This Week's Question Is...

By Crystal Carpenter
As I talked with students at E.H.S., I asked them this question "Who do you think sets a prime example for teenagers?"

Lawanda Rodgers says "I think my parents set an example for me. They are very special to me and I look up to them. They always put Jesus first in everything they do. They take time with the family, and they always provide me with the things I need. Some times I may take it for granted, but I love them both and I always will."

Marzine McMillian says "I think teachers and parents at home are some of the most influential people in a child or teenagers growing up. Also the type of religion you have, the people you stay around and socialize with are influential."

Carla Marie Barnes says "I think Stacy Knight sets a good example. She is smart and very pretty. Stacy has a great attitude."

Melissa Sorrells says "I think Carla Barnes sets an example with the younger kids. She is very nice and very smart."

Gloria Musgrove says "I think the rap star M. C. Hammer sets a good example. He sings positive songs & does not take drugs."

I think all of you nicely expressed your opinion. In my opinion parents set the prime example for you with morals and values, which enable you to become a better person.

The Game Of Life

By Juan Carpenter & Ronald McKinnon

The Game of Life, is a game that every human being must play. When we were born we were given a set of cards. "Hide-N-Seek", marbles and London Bridge, just to name a few.

This game that I'm talking about is the game of playing with our lives. We have people who are literally abusing their bodies on purpose. Some smoke themselves to death. There are other who drink to the point where they don't know they are going or coming. Then some choose to go the route of taking drugs.

The game we all should play is a spiritual game. Getting closer to God will help us in every walk of life. God said, "ask and it shall be given, seek and we will find, knock and the door will be open to us."

If we stand firm by his rule our "Game of Life" will never be lost.

The FCA is a club that is rather new at Elba High School. The letters stand for Fellowship of Christian Athletes. It's officers are President - Rusty Bedole, Vice-President - Perry Stinson, Secretary - Indya Lawless, Reporter - Dee Dee Siler, and Devotional Leader - Alan Roberson. This club promotes Christian morals, which seem to have been forgotten, and builds good character and values in its members. The FCA is presently in its second year and plans to do a lot of work to help the community. During the Christmas holidays they plan to give fruit baskets to the elderly, two meals to the needy and also have various speakers throughout the year. It is a non-

profit organization.

"Big Apple"... Here We Come!

Area students and residents are invited to participate in an exciting and educational trip directed by Jean Vignola. This 4 day 3 night tour of New York City will begin on June 3, 1991 thru June 6, 1991 and is being arranged and coordinated by American Student Travel. Cost of the trip is \$760.00 per student which will include round trip air transportation, quality lodging accommodations, meals, all admissions and fees, nighttime security guards, planned evening activities, escort and guide services, and medical insurance. The first payment on the trip will be due Dec. 1, 1990 and the final payment will be due by April 8, 1991.

The Big Apple - New York City! The business capital of the world. As we tour the city of 7 million people, our trip is designed to highlight all aspects while emphasizing New York's history and diverse cultural background. Broadway shows, the beautiful and exciting Rockefeller Center, such highlights as the Cathedral of St. John the Divine, Grant Tomb on the Hudson River, the Metropolitan Museum of Art, the Empire State Building, The Island of Manhattan, we'll view 35 miles of famous sights such as the World Trade Center, Yankee Stadium, Harlem, The United Nations and the list goes on...

There will be a meeting for all interested parents and students at the History Pit on October 30, at 7:00 p.m.

You will see a film and be able to ask questions concerning this trip. For more information or to register for this trip contact: Jean Vignola, home - 897-5948 please no calls after 10:00 p.m.

This is not a school sponsored trip. Building, The Island of Manhattan, we'll view 35 miles of famous sights such as the World Trade Center, Yankee Stadium, Harlem, The United Nations and the list goes on...

THE PRESSBOX

If this week's column is a little shorter than usual, I'm sorry. However, I took Melissa to the Auburn-Florida State game Saturday night and it was almost 2:00 a.m. on Sunday morning before we pulled back in the driveway. I had promised her weeks ago that we'd go to the game and when we got some tickets from the folks down at Florida State there was no backing out. I'll admit that the stadium is beautiful and the game was exciting, but the game lasted almost four hours due to all the TV timeouts and it just takes a while to get 85,000 folks out of a city the size of Auburn. We may go back one day, but for now the TV will satisfy me just fine!

ELBA GOES 3-0 IN AREA RACE WITH HOMECOMING WIN

The Elba Tigers may leave their fans shaking their heads after all the games, but the Tigers just keep on winning and Friday night topped their record to 5-2, 3-0 in the Area, with a 26-7 win over the Rehobeth Rebels.

The score was an indication of the closeness of the game, which saw Elba lead only 6-0 at the half, and the outcome wasn't settled until the closing minutes when David Rowe returned a punt for a score. The large crowd may have been expecting a rout, but what they got was a battle between two Area rivals and a game that kept them in their seats until the final stanza. It was a tough game and a good win for Elba, regardless of the score or what was supposed to happen.

The Elba offense looked awesome in its opening drive of the night as it drove 87 yards for a score and then again early in the third quarter. The Tiger backs ran hard and ran some folks over. John Jacobs ran the option to perfection and the passing was crisp. What happened the rest of the night was the same old story of missed chances and mistakes. The offense is getting better and as long as that keeps happening, there is hope that the offense will jell before long and begin to put points on the board in bunches.

Over on defense it was the same old story, as Rehobeth ran around the Elba ends for almost 200 yards on the ground and had chances to score, only to be stopped by a stubborn Elba defense. Every Elba opponent that watches films spots the weakness at the ends and takes advantage of it, however, for Rehobeth to roll up almost 200 yards is unreal. At least the defense can toughen up when it has to and keep opponents out of the endzone. Starting on defense Friday night was Ronald McKinnon, who made 16 solo tackles and 2 assists, while also recovering a fumble. McKinnon was a defensive weapon last year in the playoffs and his return to form can't help but strengthen the Tiger attack.

Everybody in town is talking about what is wrong with the Tigers and how they are struggling to win against the same teams they used to embarrass. While some of what they are saying may be true, fact is that Elba is 5-2 on the season and heading back to the playoffs. The fans have to realize that this team is giving it all it's got and is trying its hardest. It's just a rough year and to be 5-2 at this stage isn't all that bad. Let's all support the Tigers and let'em know that no matter what the score or the outcome, we're still behind them 100 percent!!!!

TWO WINS IN COUNTY A CAUSE FOR CELEBRATION?

Coffee County teams posted a 2-2 record last week, which is the best the rest of the county has managed all season long, here is a quick look back at what went on in week #7.

ZION CHAPEL almost got caught patting itself on the back, but managed to wake up in time to sneak past Wicksburg 21-12. The Rebels aren't used to winning and having people tell them how good they are playing, so it can be easy to lose sight of what it took to get there and what it will take to stay on the winning side. I bet the Rebel coach will remind them this week!

NEW BROCKTON took advantage of some Florida turnovers and a stubborn defense to hand Florida a 9-6 defeat. The win was just what the doctor ordered for the Gamecocks, and many Gamecock fans that last week were singing the blues are now trying to figure out where they'll go in the playoffs. Don't put the chicken before the egg!

KINSTON remained winless when it fell to Coffee Springs 25-19 in overtime. The Bulldogs are down, as you'd expect after six seven straight losses, but they are still giving it all they've got every night and may just surprise somebody before it's all over. One win would work wonders for the struggling Dogs!

ENTERPRISE fell to 1-5 with a 21-7 loss to Northview and once again the Wildcats offense was nowhere to be found. Enterprise was once the top football city in the state and known far and wide for its success; however, times change and all of the sudden the show is on the other foot. The Wildcats just have to be patient and support their team more than ever!

WORLD SERIES SWEEP BY REDS WAS FUN TO WATCH

I like the Oakland Athletics, but I'll have to admit that I enjoyed watching the Cincinnati Reds take it to the big, bad A's and sweep'em in four straight games. The Athletics went into the Series expecting to win, while the Reds went in wanting to win. The Reds wanted it more and it showed in their play!

CLEAR WEATHER CLEARS UP CRYSTAL BALL

Last week's clear skies must have helped the crystal ball's reception as Ye Ole Polish Prognosticator hit on 23 of 26 picks to up his season's totals to 174-50. The local guesstest was a little tired when he came in the office this week, but he did declare even better days were ahead!

I guess he didn't hear the weather report. Oh, well, he is what he left us...

ELBA VS. MONROE COUNTY

The Tigers will take the long trip over to Monroeville shopping for a win, but will find no bargains in the town known for its outlet stores. Monroe County is a big, strong team that will attack the Tigers and be expecting to win over the 34 visitors. Going out on a shaky limb, I'll stick with the Tigers in a close one!

ELBA 19 MONROE COUNTY 14

ZION CHAPEL VS. KINSTON
On paper this one looks like a blowout, but games aren't played on paper and I can remember the Bulldogs pulling off some upsets in years past. The Rebels are the better team and if they play like they can they'll claim a win. Here's a vote that they do just that!

ZION CHAPEL 27 KINSTON 6

NEW BROCKTON VS. SAMSON
The Gamecocks got back in the win column last week with an important Area win over Florida and can a long way toward earning a spot in the playoffs with a win this week. Samson is unpredictable, but the Tigers will be playing at home and that could be the difference!

Elba Tigers to invade Monroe County

The Elba Tigers will be hoping that life on the road has improved this week when they travel to Monroeville Friday night to battle the 5A Monroe County Tigers.

Elba will carry a 5-2 record into the first ever meeting of the teams, with both losses coming on the road, while Monroe County will bring a 4-

Midget & PeeWee Tigers take top spots in league

The Elba Youth Football League ended its regular season last week with both the Midget and PeeWee Tigers claiming first place in the Tri-County League.

The Midget Tigers edged Straughn 22-20, in overtime, to finish the regular season with a 5-1 state and in a tie for first place with Opp and Red Level.

The Teebie Tigers lost 30-16 to finish with a 1-5 state, while the PeeWee Tigers posted a big 28-6 win over previously unbeaten Straughn to finish 6-0 and all alone atop the standings.

The Midget Tigers will compete in the Alabama Dog Hunter's Association will hold its annual banquet on November 10th at the Elba National Guard Armory.

Fellowship will start at 5:00 p.m. and a hamburger supper will be at 6:00 p.m.

There will be approximately \$2,000 worth of door prizes to be given away.

Officers of the local chapter are: Jamie Hudson, president, Rex Marler, vice president, and Danny Byrd, treasurer.

For additional information contact any of the above officers.

Over one-half of boating deaths alcohol related

More than half the Alabama boating accidents that resulted in death were traced to alcohol.

We've all heard the expression "blind drunk." Officer Rand Ragland of the Alabama Marine Police says that term is truer than you might think.

Too much alcohol seriously restricts a boat's vision," says Ragland. "Alcohol induces tunnel vision (inability to see the side), reduces depth perception and decreases night vision. Alcohol also reduces the ability to distinguish colors, especially red and green—the colors of a boat's running lights."

The effect of alcohol on vision is only one reason why drunk boaters are as dangerous as drunk drivers. Even small amounts of alcohol can have deadly consequences, especially for boat operators. With each drink, a person's ability to coordinate their arm and leg movements decreases. A drunk boater, like a drunk driver, also has difficulty in responding to emergency situations.

When you mix booze and boating, you don't have to be "dead drunk" to end up dead.

For more information on why booze and boating don't mix, contact Bob Huffaker, Alabama Marine Police, 64 N. Union St., Montgomery, AL 36130; (205) 242-3673.

COVINGTON COUNTY COONHUNTERS SET FOR "TRADE DAY"
The Covington County Coonhunters Association, headquartered in Babbsville, will hold a big "Trade Day" on Saturday, Nov. 3, at the club house.

Yard sales are welcome and everyone is invited to bring their items and hold their yard sale on the club grounds.

There will also be a trade day, fish fry, UKC Bench Show and UKC Night Hunt.

A \$1 donation will be accepted at the gate.

Directions to the club house are as follows: get on Highway 84 between Opp and Andalusia, turn north on Highway 77, go two miles on 77 and then turn right on a dirt road. Go one-half mile on the dirt road and turn left on club property. Signs will be posted.

3 state into the contest.

The Tigers of Monroe County, coached by Keith Cardwell, boast wins over Wilcox Central, Evergreen-Hillcrest, Andalusia and J.F. Shields, with losses coming to Opp, T.R. Miller and Jackson.

"Monroe County is without a doubt the best team we've faced this year," stated Elba's Coach Mack Wood, "and we'll have to play our best game and play over our heads. On offense we'll have to be balanced and put the ball in the air to keep them from stacking up at the line, but at the same time we'll have to establish our running game to earn their respect. On defense, we'll have to be real physical up front and improve drastically over our play in the last two games. We'll have to stop their wide game, play real hard in the middle and be alert for the pass. It will just take a monumental effort by our young men for us to win."

When asked about last week's 26-7 win over Rehobeth, Coach Wood stated "It was a win and we'll take any way we can get it."

"The defense really looked sharp in the first quarter and the third quarter and the line came off the ball well throughout the game," added Wood. "The defense had another average game and gave up too many yards on the ends. It was a big win and an Area win, and we are glad that the alumni got to see us play one in the win column."

"If we're to have a chance at winning," stated Coach Wood, "we will have to play our best game of the year."

"Over on defense," said Wood, "they run a multiple look, with both an even and odd front. Their defense is a great deal like ours in their looks and stunts and they are very aggressive. The defense is big and physical and knows how to hit."

"If we're to have a chance at winning," stated Coach Wood, "we will have to play our best game of the year."

Special attractions set Saturday at speedway

The South Alabama Motor Speedway will be the place to be on Saturday night, October 27, when the 1st Annual Peanut Festival 125 will highlight a night of racing action.

As an added attraction, children dressed in Halloween costumes will have a chance to win \$25 in a costume contest, and the children will also get to go after silver coins to be tossed on the track during intermission.

Make plans now to attend the night of racing and fun this Saturday night, at the South Alabama Motor Speedway, located in Kinston.

Rehobeth had ideas of a last second score and moved to a first down at the Elba 26-yard line with 1:35 left in the half, but a quarterback sack by Ronnie Joe Edwards resulted in an 8-yard loss and at intermission the Tigers went in with a slim 6-0 bulge.

Rehobeth received the second half kick and promptly began a march downfield.

The Rebels, behind the running of Al Debose and Tony Perry, marched to the Elba 34-yard line, only to see the drive end when linebacker Shane Blanton pounced on a fumble at the 36.

The Elba offense, ineffective since its opening possession, took out its frustration on the Rehobeth defense following the turnover and pounced on a 64-yard drive in 7 plays to up its lead to 14-0!

Greg Thigpen and Jamie Brockton took turns running over, around and through the Rebel defense, with the score coming on a 2-yard plunge by Brockton. Thigpen ran in for the two-point conversion and with 6:05 left in the third quarter the alumni and fans breathed a little easier as the Tigers led 14-0.

ELBA CHEERLEADER AMY DRIGGERS had an easy time getting the large Homecoming crowd to join in Friday night thanks to the Tigers big 26-7 win over the Rehobeth Rebels.

ELBA QUARTERBACK JOHN JACOBS (15) stretches for the goal line as he scores the first touchdown of the game in last week's 26-7 win over Rehobeth. The win topped the Tigers' record to 3-0 in Area 2 action.

This MARCHING TIGER duo wowed the big Homecoming crowd with a duet during Friday night's halftime show.

Tigers rip Rehobeth Rebels 26-7

The Elba Tigers put the finishing touches on a perfect "Homecoming" celebration Friday night when they whipped the Rehobeth Rebels 26-7, in front of a large crowd at Miller Memorial Stadium.

The win topped Elba's record to 5-2, 3-0 in Area 2 play, while Rehobeth slipped to 3-4, 0-2 in Area action, with the loss.

Elba received the opening kick and wasted little time taking the lead as the Tigers marched 87-yards in 9 plays to get on the scoreboard!

Jamie Brockton and Greg Thigpen got the drive off to a fast start with gains totaling 15 yards, while a 21-yard scamper by John Jacobs and a 13-yard run by David Rowe moved the ball to the Rebel 38-yard line.

A 24-yard pass from Jacobs to Ronald McKinnon got the Tigers to the 14 and one play later it was Jacobs who got the score on an 8-yard keeper.

The extra-point attempt sailed wide, but with 7:34 left in the opening stanza the Tigers were on top to stay at 6-0.

The two Area rivals swapped punts on their next possessions, with the Rebels putting the ball in play at the Rehobeth 29 following a 38-yard punt by Joel Kirkland.

The Rebels were down 6-0, but not about to let the Tigers take command and stunned the Elba defense by driving down the field to a first down at the Elba 10-yard line.

A 20-yard run by Tony Perry was a big play in the march, while it was a 10-yard scamper by Perry that gave the Rebels the first down at the Elba 10.

A big hit by Elba linebacker Shane Blanton knocked the Rebels back to the 11, and after two passes fell incomplete, the Rebels were turned away when a 28-yard field-goal attempt by Harold Birge sailed wide and short.

The Tigers got a chance to add to their lead late in the half when Kaszsky recovered a Rehobeth fumble at the Rebel 43-yard line, but after moving to a first down at the Rebel 22, the Tigers returned the favor and fumbled the ball back.

Gamecocks dump Floral 9-6

BY GREG BRUNSON

The New Brockton Gamecocks used a defense that bent, but refused to break, Friday night to claim their second win of the season over the Floral Wildcats 9-6, in Floral.

The win upped the Gamecocks' record to 2-5, 1-1 in Area play while Floral fell to 2-5, 1-1 in Area competition.

The Wildcats opened the game with an impressive 13 play drive from their own 21-yardline to the New Brockton 9. On third down and 4; however, Robbie Lobdell intercepted an Eric Anderson pass near the goal line and returned it out to 8 to kill the early threat.

From there, the Gamecocks put together a 13 play drive of their own and crossed midfield before being forced to punt. The punt, a 42-yarder by William Moguel, nailed the Wildcats down back at their 6-yardline.

A 3-yard punt by Floral gave New Brockton the ball back at the

Wildcat 25-yardline and set up the first points of the game.

On second down, Rex Caldwell completed a 17-yard pass to William Moguel for a first and goal at the 8-yardline. Two running plays resulted in negative yardage and an incomplete pass left the Gamecocks facing a fourth and goal play at the 16-yardline.

William Moguel salvaged the scoring opportunity; however, when he boomed a 33-yard field goal that gave the Gamecocks a 3-0 lead with 3:21 left in the second quarter.

Three plays after the ensuing kickoff the Gamecocks were right back in business as Ellison Cason recovered a Wildcat fumble at the Floral 28-yardline.

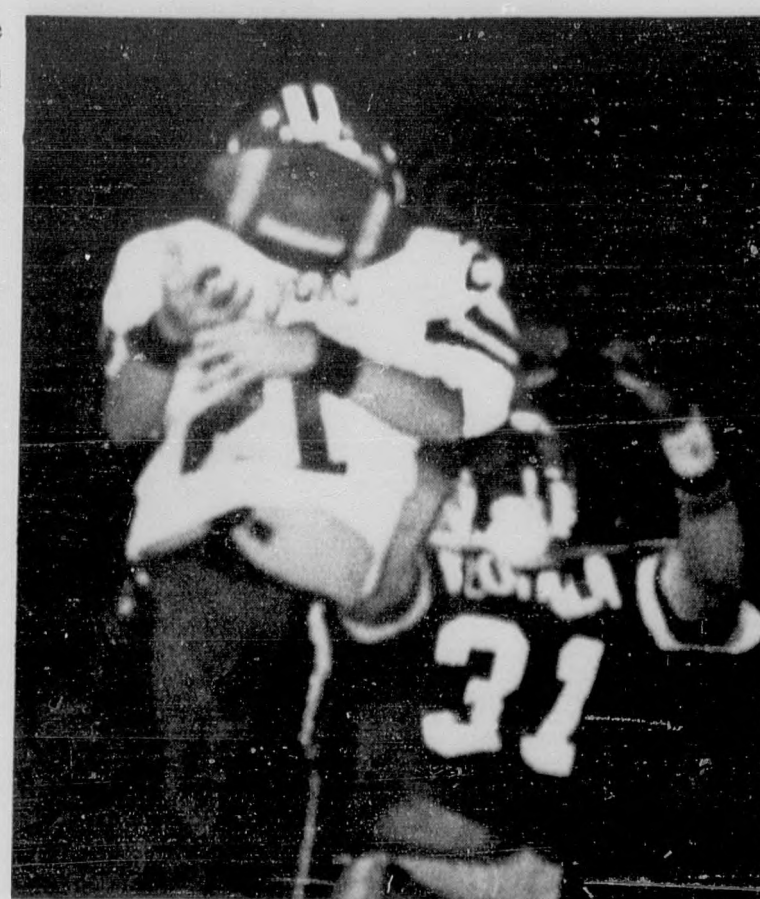

On first down, Rex Caldwell fired a 25-yard pass to Robert Kilow, and on the next play, Albert Covington followed the right side of the line into the endzone from 3 yards out. A pass for two-point failed, but at the half the Gamecocks were on top 9-0.

As the second half opened, the Gamecocks mounted a 14-play drive that carried from the Floral 29-yardline to the Gamecock 18. The New Brockton defense again bowed up; however, and caused another fumble, with Demetris Griffin recovering for New Brockton at the 15-yardline with 2:57 left in the third quarter.

The Wildcats came right back as Michael Cassidy intercepted a Caldwell pass at the Gamecock 47-yardline.

Floral's lone score of the night came on the fourth play of the drive when Eric Anderson hit Columbus Wheeler on a 24-yard scoring strike. A two-point try failed, leaving New Brockton with a 9-6 lead with 11:15 left in the game.

The Gamecocks were able to run time off the clock on their next possession as they marched from their own 30-yardline to the Wildcat 35, before giving the ball up on downs

with 6:38 left on the clock. Floral managed two quick first downs as they marched to the Gamecock 33-yardline, but on a fourth down and two play Bernard Stewart was nailed for a two-yard loss and the Gamecocks took over at the New Brockton 35 with just over three minutes left in the game.

Five straight rushes by ninth-grader Chris Green netted 37 yards and two first downs as the Gamecocks ran out the clock to claim the important Area win.

Chris Green gained 66 yards on 13 carries to lead New Brockton, while the Wildcats were led by Bernard Stewart, with 82 yards on 23 carries and Jason Davis with 68 yards on 9 totes.

Rebels ambush Wicksburg 21-12

BY RONNY SHIVER

The Zion Chapel Rebels showed a large homecoming crowd what all the excitement about Rebel football is all about Friday night as they spotted the Wicksburg Panthers an early 6-0 lead and then stormed back to post an impressive 21-12 win.

The win upped the Rebels record to 4-3, while Wicksburg slipped to 3-4 with the loss.

The visiting Panthers threw an early scare into the Rebels as Wicksburg marched down the field and scored on a 23-yard run to grab a 6-0 first quarter lead.

The score may have given the Panthers the lead; however, it also served as a wake-up call for the Rebels, as Zion Chapel took the ensuing kick and marched in for the go-ahead touchdown!

Tracy Woods was the workhorse of the drive with 57 yards on 4 carries, including runs of 22 and 18 yards, and it was Woods who got the Rebels back on the field with an 8-yard out. Steve Brill added the extra-point and the Rebels had the lead 7-6.

A fine defensive effort by Mark Hodges stopped the two-point try and kept the Rebels ahead 13-12, but the Panthers weren't finished and late in the third quarter began another drive toward the Zion Chapel endzone.

Wicksburg marched all the way to the Rebel 15-yardline, but the Rebels' Jeffery Flowers jared the ball loose from a Panther ball carrier and Tracy Woods recovered the fumble to stop the scoring threat.

A Rebel fumble gave the Panthers another chance at the 22 36-yardline; however, this time the Rebel defense refused to budge and took over on downs.

Chris Austin gained 96 yards on 17 carries to lead the Bulldogs, while Marcus Cook added 95 yards on 22 carries.

The Kinston defense was paced by Jason Fleming with 11 tackles and 4 assists and Chris Austin with 8 tackles and 7 assists, while other defensive standouts included Jon Cour-21-12.

Tracy Woods gained 287 yards on 25 carries and scored 2 touchdowns to lead the Rebel offense, while on defense Woods made 8 tackles, had 3 assists and recovered one fumble.

DON'T GIVE UP ON THE DOGS

A Kinston runner heads upfield during last week's heartbreaking 25-19 overtime loss to Coffee Springs. The Bulldogs will tangle with county-rival Zion Chapel Friday night.

Kinston falls in overtime to Coffee Springs 25-19

BY JACKIE K. KILCREASE

The Kinston Bulldogs saw their dreams of a win fall short Friday night in Coffee Springs when the Golden Bears scored in overtime to nip the visiting Bulldogs 25-19.

The win was the first of the season for Coffee Springs and left the Golden Bears with a 1-6 state, while Kinston fell to 0-7 with the loss.

Coffee Springs drew first blood in the game when Tyrone Hutcherson fired a 15-yard touchdown pass to Jimmy Adams; however, the Bulldogs bounced right back and cut the lead to 7-6 with 8:56 left in the half on a 1-yard plunge by Marcus Cook.

Kinston grabbed the lead at 13-7 with 1:54 left in the half on a 4-yard touchdown run by Cook and the extra-point by Randy Moore, but this time it was Coffee Springs that answered the challenge as the Golden Bears scored on a 10-yard pass from Hutcherson to regain the lead at 19-13 with 11:30 left in the game.

The Bulldogs continued to answer every challenge and promptly marched down the field to once again pull even!

The score came on a 25-yard run by Chris Austin, but the p.a.t. failed and with 6:25 left in the game the score was knotted at 19-19.

Kinston had a chance to win the game in the closing seconds of the contest when Chris Austin intercepted a Coffee Springs pass and the Bulldogs marched to the Golden Bear 30-yardline. However, Randy Moore's 47-yard field-goal try on the final play of the game was short and wide, and the game went into overtime.

Tyrone Hutcherson scored on a 1-yard blast in overtime to give the Bears a 25-19 advantage, while the

PUBLIC HEARING NOTICE SOLID WASTE PLAN

The Coffee County Commission will conduct a public hearing on November 12, 1990 at 10:00 a.m. at the Enterprise Courthouse to solicit public comment concerning the County's solid waste management plan as required by Alabama Law 89-824. The comment period will be from October 25, 1990 through November 24, 1990. The public hearing will involve the topics of landfill management, waste collection, recycling, composting, dump abatement, and other waste management alternatives which have been affected by Alabama Law 89-824 and which will be effected by the promulgation of Subtitle D of the Resource Conservation and Recovery Act administered by the Environmental Protection Agency. The completed solid waste management plan must be submitted to the Alabama Department of Environmental Management by November 18, 1990. Copies of the proposed solid waste plan will be available for review at the County Engineer's Office during normal working hours. Written comments may be addressed to the County Engineer's Office, P. O. Box 428, New Brockton, AL 36351. To obtain copies of the document or to obtain additional information, contact Mark Pool, Coffee County Engineer, at 894-6112. All local citizens are encouraged to review these documents and to attend the public hearing.

McGruff Celebration To Be Held In New Brockton

Children of New Brockton Elementary School will join thousands of other schools across the nation in a crime prevention celebration.

On October 25, 1990, New Brockton Elementary students will participate in events celebrating the 10th birthday of McGruff the Crime Dog and his crime prevention education campaign. This campaign is conducted on behalf of the crime prevention coalition and the U. S. Department of Justice.

Since 1980, McGruff has been helping millions of Americans, young and old, to "Take a Bite Out of Crime." Ninety-nine percent of

children, aged 6 to 12 years old, recognize McGruff; and a phenomenal 97% of youngsters say that they would try to do what McGruff tells them.

The school counselor, Lynn Baker, worked with teachers and students to celebrate the 10th anniversary of the National Citizens' Crime Prevention Campaign with an educational program.

The activities included visits from McGruff, Coffee County Sheriff Bruce Paul, and New Brockton Police Chief Richard Nichols. "Just Say No" balloons were released to end the celebration.

Round And About With Eria 897-2006

The fool hath said in his heart there is no God. They are corrupt, they have done abominable works, there is none that doeth good.

The Lord looked down from heaven upon the children of men, to see if there were any that did understand, and seek God.

They are all gone aside, they are all together become filthy; there is none that doeth good, no, not one.

Have all the workers of iniquity no knowledge? Who eat up my people as they eat bread, and call upon the Lord.

There were they in great fear, for God is in the generation of the righteous.

Ye have shamed the Council of the poor, because the Lord is his refuge.

Psalm 14:1-6

INVITATION TO BID

THE HOUSING AUTHORITY OF THE CITY OF ELBA, ALABAMA

The Housing Authority of the City of Elba, Alabama, will receive bids for Comprehensive Modernization of HUD Housing Projects AL-107-001 and AL-107-003. Modernization No. AL-107-003-2, until 2:00 PM, Local Current Standard Time, on the 8th day of November, 1990, at the Elba Housing Authority, Brantley Highway, Elba, Alabama at which time and place all bids will be publicly opened and read.

The work consists of, but is not limited to, new kitchen cabinets, interior finish, new furnaces and water heaters, new doors and hardware, miscellaneous interior and exterior repairs, roofing, landscaping and other improvements.

Contract documents, including drawings and technical specifications, are on file at the Elba Housing Authority, Brantley Highway, Elba, Alabama. Copies of contract documents may be obtained by depositing \$75.00 with the Architect in good confidence within ten days after bid opening for those submitting bids. Deposits shall be non-refundable for persons receiving plans and not submitting a bid. Checks shall be made payable to the Elba Housing Authority.

Plans and specifications will be issued only to qualified contractors licensed by the State Licensing Board of General Contractors of Alabama as required by Title 46, Section 65-82 of the 1940 Alabama Code as amended in 1959 under Act No. 571. Only bids of such contractors who are licensed prior to date of this advertisement will be considered.

A certified check or bank draft, payable to the order of the Elba Housing Authority or a satisfactory bid bond executed by the bidder and an acceptable surety company in an amount equal to five percent (5%) of the total bid shall be submitted with each bid.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin.

Each bid must include the Non-Collusive Affidavit and the Previous Participation Certificate signed by the bidder and on the correct HUD forms.

The Elba Housing Authority reserves the right to reject any or all bids or to waive any irregularities in the bidding.

Bids may be held by the Elba Housing Authority for a period not to exceed sixty (60) days from the date of opening of bids for the purpose of reviewing them and investigating the qualifications of the bidders, prior to awarding the contract.

Plan A Safe Halloween

By Angela Hughes - County Agent

Parents and guardians of children who plan to go trick-or-treating should consider safety first. Costumes should be flame resistant and avoid baggy sleeves or billowing skirts which can come in contact with candles or flames. Use light costumes for visibility at night or use reflective tape on costume and bags. Make sure hats and scarves do not slip over children's eyes. A natural mask of cosmetics is safer than a mask which might restrict breathing or obscure vision. If you want to provide a safe environment for trick-or-treaters, always see that children have an adult or older responsible person with them. Children should only approach houses which are lighted as a sign of welcome. Caution children not to enter homes or apartments unless they are accompanied by an adult.

Make Delicious Desserts With Sweet Potatoes

Sandra Coffey-County Agent

Sweet Potato Treats
Fall brings the sweet potato harvest, and with the first one plucked from the ground, there's a pot ready for boiling or an oven ready for baking it. Use these recipes for a variety of ways to enjoy the sweet flavor of the Southern vegetable.

Sweet Potato Pie
2 eggs 1 cup sugar
1 tsp salt 1/8 tsp nutmeg
1 tsp cinnamon 1 cup milk
2 tbs butter or margarine
1 1/2 cups cooked mashed sweet potato
1 unbaked pie shell

Beat the eggs slightly; add sugar, salt, spices, and milk. Add butter to mashed sweet potato and blend with milk mixture. Pour into unbaked pie shell and bake at 450 degrees F. for 10 minutes. Reduce heat to 350 degrees F. and baked 30 to 40 minutes or until filling is done (see Testing a Custard, below). Refrigerate if not served at once. Makes one 8-inch pie.

Testing A Custard For Doneness

Insert tip of a knife blade in the pie about halfway between edge and center of pie. If the blade comes out clean, the custard will be firm all the way through when it cools. If you insert knife in the center, the filling should cling like a thick cream sauce.

Cullman, Ala., Dan Presley, right, Coffee County Extension agent coordinator, is recognized by Bill Jordan, Alabama Poultry & Egg Association president, for his loyal and undaunted service to the poultry industry in south Alabama. Presley was honored for helping Alabama recently capture the number two national spot in broiler production.

Winter Grazing Will Be A Premium This Year

Dan Presley - County Agent Coordinator

Winter grazing will be a premium this year due to the fact that the quality of hay is off and the fact that we have not been able to get winter grazing planted due to the drought.

Here are the recommended forage varieties.

*If present trends continue, this variety will be removed from the recommended list for forage only next year in the region indicated.

**Conditionally recommended on 2 year's data.

For those who wish to harvest grain following grazing, varietal selection should be from those varieties recommended either for grain or for forage. Some varieties are recommended for both uses, but if not, the relative importance for forage or grain to the individual farmer should be the major consideration for varietal selection.

*Although these varieties produce high total forage yields, early season forage production may be low.

WIG GIRDLER
An insect is cutting limbs of pecan trees off and this insect is a twig girdler. The limb looks like it has been cut with a knife. The limb is usually about the size of your little finger. This damage is done by a grayish-brown long horn beetle about a half inch long that lays eggs in the tip of the pecan and then girdles the limb. The limb breaks off, drops to the ground so that eggs can grow. The best control is to burn the broken tree limbs as they fall to the ground. This is not a common pest problem, but we do occasionally run into it and this year has been an exceptionally good year for the pecan girdler.

WHITE FLIES
White flies in large numbers are covering collards and other cole crops. The high infestation must be due to the dry weather. These flies are not able to find other plants to feed on. Therefore, they are attacking anything that is green. My suggestion to control would be Thiogar 3. Please follow the directions on applying this and any other insecticide.

Who doesn't remember the thrill of discovering remnants of a bygone era? Perhaps it was a china doll in an old trunk, or a scrolled mirror in Grandma's attic. The more intricate the lace, the more elaborate the carving, the better chance the antique was Victorian.
